Section II

BOSTON HARBORPARK AREA

A. CHARLESTOWN

Boston Redevelopment Authority, Application for the Transfer of 19.6 Acres of the Boston Naval Shipyard at Charlestown to the Boston Redevelopment Authority for Public Park and Recreation Purposes under P.L. 91-485, December, 1975.

Boston Redevelopment Authority, Application for the Transfer of 29.8 Acres of the Boston Naval Shipyard at Charlestown to the Boston Redevelopment Authority for Public Park and Recreation Purposes under P.L. 91-485, December, 1975.

Boston Redevelopment Authority, Application for the Transfer of 28.0 Acres of the Boston Naval Shipyard at Charlestown to the Boston Redevelopment Authority for Historic Monument Purposes, October, 1975.

Boston Redevelopment Authority, Boston Naval Shipyard Charlestown Planning and Development Program; November, 1975. Master plan for redevelopment of Navy Yard including City goals, summation of planning concepts developed in previous two years, economic analysis and implementation plan.

Boston Redevelopment Authority, Boston Naval Shipyard Waterfront Park (Charlestown)/BOR Application, 1983.

Boston Redevelopment Authority, The Charlestown Naval Shipyard, April, 1982. A summary of private development opportunities (Building #149 and #199) at the Shipyard.

Boston Redevelopment Authority, Charlestown Naval Shipyard Re-Use Study/Report I, November, 1970. Report analyzes site and presents framework for development of the Shipyard.

Boston Redevelopment Authority, Charlestown Naval Shipyard Re-Use Study/Report II Historical Park Proposal.

Boston Redevelopment Authority, Charlestown Naval Shipyard Re-Use Study/Report III Development Alternatives, 1971. Report evaluates site for industrial and residential development.

Boston Redevelopment Authority, Charlestown Navy Yard, 1980. Brochure describing present three-component development program for Navy Yard.

Boston Redevelopment Authority, The Charlestown Navy Yard. Brief outline of revised mixed-use redevelopment proposal for Navy Yard.

Boston Redevelopment Authority, The Charlestown Navy Yard. Brief outline of an early mixed-use redevelopment proposal for Navy Yard.

- Boston Redevelopment Authority, Charlestown Navy Yard: Design Guidelines for Reuse, March, 1980. Report contains general guidelines establishing circulation, open space and building massing and specific guidelines for treatment of building facades.
- Boston Redevelopment Authority, Charlestown Navy Yard - Urban Renewal Plan Amendment/Final Environmental Impact Report Addendum, January, 1978.
- Boston Redevelopment Authority, Charlestown Navy Yard - Urban Renewal Plan Amendment/Final Environmental Impact Report Addendum, January, 1976.
- Boston Redevelopment Authority, Determination of the Acquisition Value for the "Buy Parcel" Area in the Charlestown Naval Shipyard. Report includes computation sheets by Parsons, Brinckerhoff, Quade and Douglas, Inc. on building demolition costs.
- Boston Redevelopment Authority, The John F. Kennedy Library: Charlestown Navy Yard/A Proposal, February, 1975. Proposal to locate entire Kennedy Library Complex on a 27-acre site between Drydock 2 and Pier 7.
- Boston Redevelopment Authority, The John F. Kennedy Museum: Charlestown Naval Shipyard/A Proposal. Brief review of proposal to locate museum portion of Kennedy Library Complex in Building #36.
- Boston Redevelopment Authority, The John F. Kennedy Museum: Charlestown Naval Shipyard/A Proposal. Proposal to reuse Building #24 for the Kennedy Museum.
- Boston Redevelopment Authority/Massport, Preliminary Draft Environmental Impact Statement: Chelsea - Water Streets Connector/Little Mystic Channel Crossing.
- Boston Redevelopment Authority, A Proposal for a National Park and Naval Museum/Charlestown Navy Yard, 1973.
- City of Boston, Land Use and Transportation Study Boston Naval Shipyard (Phase II Report); Prepared by various consultants for EDIC, City of Boston and Boston Redevelopment Authority, July 1974. Report analyzes several different options for the development and reuse of the Charlestown and South Boston sites of the Boston Naval Shipyard.
- Massport, Hoosac Pier, Final Environmental Impact Report, Boston, Massachusetts, December, 1982.
- Society for the Preservation of New England Antiquities, Proposal for an Architectural Preservation Center, October, 1975. Detailed proposal for a preservation center at the Boston Navy Yard for professional training, educational program in preservation crafts, architectural museum and research.
- Urban Land, "Charlestown Navy Yard, Boston, Massachusetts", 1983. Article discusses redevelopment of Navy Yard.

B. NORTH STATION

Arena Committee, The Arena Committee Final Recommendation; August, 1981. Report contains two sets of recommendations; the first proposes construction of arena behind the existing Boston Garden and the second seeks to increase the revenues produced by convention and tourist business across the State.

Boston Redevelopment Authority, Application for Designation of the North Station CARD; August, 1980. Designation of CARD area encompassing most of existing buildings south of Causeway Street including commercial core of Bulfinch Triangle.

Boston Redevelopment Authority, A Development Plan for North Station District. A three phase development plan for the North Station area including major residential development and public improvements.

Boston Redevelopment Authority, New Directions for North Station; November, 1977. Report intended as point of departure for continuing discussions with Downtown North Association as well as schematic proposal for evaluation by Boston Redevelopment Authority.

Boston Redevelopment Authority, North Station Final Project Report: Supporting Documentation; (For Urban Renewal Plan), August, 1980.

Boston Redevelopment Authority, North Station Final Project Report: 2.0 Urban Renewal Plan; August, 1980. A two phase plan designed to remove blight and encourage new development in area.

Boston Redevelopment Authority, Working Information Package #1 for the Arena Committee; February, 1981.

Landmarks Commission, Bulfinch Triangle: Historical Context, Compilation of Boston Landmarks Commission survey forms for buildings in Bulfinch Triangle.

Moshe Safdie and Associates, Inc., North Station Development Plan: A New Arena (Preliminary Report), May, 1981. Preliminary report identifying design opportunities for locating new sports arena in North Station area.

C. DOWNTOWN WATERFRONT/NORTH END

Boston Redevelopment Authority, Downtown Waterfront - Faneuil Hall Urban Renewal Plan; April 8, 1965.

Boston Redevelopment Authority, Downtown Waterfront/Faneuil Hall Urban Renewal Project; December, 1977. Developer's Kit for Parcels A-6 and A-7 on Long Wharf.

Boston Redevelopment Authority, North End Recreation/Open Space Study; Spring 1968. Report is summary of five preliminary studies on recreation and open space facilities in North End and was undertaken to determine effective plan for development of more adequate open space and facilities.

Boston Redevelopment Authority/Sasaki Associates, Boston Waterfront South: Workshop I - Summary; July, 1979. Report summarizes results of 1979 workshop of over 50 people representing different waterfront interests gathered to discuss preliminary findings on the Boston Waterfront - South prepared by Sasaki Associates.

Massachusetts Institute of Technology, A Study of the Fort Point Channel and Northern Avenue Bridge, August, 1981.

Parsons, Brinckerhoff, Quade, and Douglas, Inc. Geotechnical Engineering Study for Long Wharf; (for Sasaki/Boston Redevelopment Authority), July 1982. Report presents the results of geotechnical studies for the structural stability of the bulkhead to withstand additional fill at the end of the wharf.

Sasaki Associates/Boston Redevelopment Authority, Long Wharf: Master Plan Summary; 1980. A three stage plan for reconstruction of Long Wharf.

Urban Land, "Union Wharf, Boston, Massachusetts", 1983. Article discusses Union Wharf redevelopment project.

D. SOUTH BOSTON

Boston Redevelopment Authority, South Boston District Profile and Proposed 1979 - 1981 Neighborhood Improvement Program; 1979. Proposed comprehensive neighborhood revitalization strategy includes recommendations for waterfront industrial area.

City of Boston, U.S. Navy Homeporting Project, Boston, Massachusetts; Commonwealth of Mass., March, 1983. Proposal to Navy for location of naval port facility in South Boston.

Economic Development and Industrial Corporation, The Boston Army Base; April, 1982. Brief report outlining private development opportunities at the Boston Army Base.

Economic Development and Industrial Corporation, Economic Development Plan for the Boston Marine Industrial Park; January, 1976. Plan proposes conversion of former South Boston Naval Annex to major economic development project by Economic Development and Industrial Corporation.

Massport, Boston Fish Pier. Brief report discussing improvements underway at Fish Pier.

Skidmore, Owings and Merrill, Final Environmental Impact Report/ Commonwealth Pier Five Redevelopment; Vanasee/Hangen Associates, Inc., and Tech Environmental (for Massport), September, 1982. Report analyzes environmental effects of three alternative developments; no build, a high density mixed use concept, and BOSCOM.

E. EAST BOSTON

Boston Redevelopment Authority, East Boston Developers Kit/Sumner Street NDP; 1972. Developers kit for 9.3 acre site along Sumner Street at Maverick Square and Lewis Street, on the East Boston Waterfront, programmed primarily for elderly housing.

Boston Redevelopment Authority, East Boston District Profile and Proposed 1979-81 Neighborhood Improvement Program; 1979. Report includes recommendations for waterfront.

Boston Redevelopment Authority, East Boston Harborside - An Interim Report on the Future Development of Piers 1-5 in East Boston, June, 1982. Presents information on the East Boston Piers 1-5 site, preliminary goals for its development, and alternative development concepts formulated through the joint efforts of the BRA staff and the members of the Project Advisory Committee.

Boston Redevelopment Authority, East Boston Harborside: (Boston International), 1983. Description of the East Boston Harborside development project on East Boston Piers 1-5 site, and the development opportunities it presents.

Boston Redevelopment Authority, East Boston Harborside - Land Use Program and Preliminary Development Plan, December, 1983. Presents information on the planning process for the East Boston Piers 1-5 site, the identified goals of the PAC, a land use program and a preliminary development plan.

East Boston Community Development Corporation, General Development Plan Proposals for Key Sites, June, 1973. A progress report on the East Boston planning program including discussion of community goals and objectives, the general development plan, and its implementation, and proposals for key sites.

East Boston Land Use Advisory Council, East Boston Waterfront Development Proposal. Proposal for the redevelopment of East Boston Piers 1-5 site into a mixed-use community.

Envirovestment, Inc., Boston East Draft Environmental Impact Report; August, 1974. Draft environmental report for proposed 39 unit residential development on East Boston waterfront.

Harvard University, Old Boston East - Recommendations for a Waterfront Site in East Boston, Department of City and Regional Planning, 1980. Presents recommendations for the use of the Old Boston East site as a combined residential/recreational space, and a set of development guidelines for designing and implementing specific proposals for the site.

- Hoyle, Tanner & Associates, Inc., & Bolt Beranek & Newman, Inc., Byrant Associates, Inc., Normandeau Associate, Inc., Draft Environmental Impact Report/Draft Environmental Impact Statement; Proposed Development of Bird Island Flats and Appendix; April, 1980. Report assesses environmental effects of a range of alternative land use and facility development intensities on 65 acre Bird Island Flats site.
- Massport, Bird Island Flats Developer Kit, 1981.
- Massport, Commonwealth Pier Five/Boston; May, 1981. A prospectus for the redevelopment of the pier.
- Massport, Draft Logan Airport Master Plan Study; Master Plan Study Team, September, 1975. A study of Massport's 1974 Draft Master Plan for the development of Logan Airport by a team of seven independent consultants to assess outstanding issues and develop recommendations for making Logan a better neighbor.
- Massport, Draft Master Plan for Logan International Airport; January, 1976. Draft plan discusses projected airport growth and alternatives to growth, noise reduction, monitoring and enforcement, land use, ground access, the planning process, affirmative action and the financial implications of the plan.
- Massport, A Guide to the Massport Foreign - Trade Zone #27, Commonwealth Pier, Boston. Report discusses the foreign trade zone concept, the facilities available at Commonwealth Pier, and procedures for potential uses.
- Massport, Logan International Airport Master Plan, April, 1976. Presents the policies that will guide decisions for Logan Airport to the mid-1980's. Addresses six major policy areas: growth, noise, land use, ground access, planning process, and affirmative action.
- Minot, DeBlois and Maddison, Inc., East Boston Harborside Redevelopment Analysis, December, 1983. Analysis of market and financial factors affecting the redevelopment potentials of the East Boston Piers 1-5 project area.
- Storch Associates, Condition Survey/East Boston Marine Terminal, January, 1981. Condition survey of East Boston Piers 1, 3, 4 and 5 and backland area including the quaywall.
- Tunney Lee and Glynton LeRoux, et. al., The East Boston Site/Massport: Memorandum; April, 1979. A preliminary exploration of the possible alternative uses for East Boston Piers 1, 3, 4 and 5.
- Wallace, Floyd, Ellenzweig, Moore, Inc. & Griffith Associates, for Massport, Land Use Master Study - Logan International Airport, Draft, April, 1981.

F. COLUMBIA POINT

Boston Housing Authority/Boston Redevelopment Authority, Columbia Point Community Task Force, Inc., Columbia Point Developer Selection Kit (Draft); June 12, 1981. Kit prepared to solicit developer interest in developing and managing new residential community for 5,000 mixed-income residents at Columbia Point.

Boston Redevelopment Authority, Campus by the Sea/University of Massachusetts; Proposal to locate U Mass. Boston at Columbia Point.

Boston Redevelopment Authority, Columbia Point, April, 1982. Brief report outlining private development opportunities at Columbia Point.

Boston Redevelopment Authority, Columbia Point Application for Project Execution; April, 1980 (Draft).

Boston Redevelopment Authority, Columbia Point Developer Selection Kit (Draft); February 19, 1980. Developers kit soliciting private developer interest for redevelopment of northern part of Columbia Point.

Boston Redevelopment Authority, Columbia Point: Housing Market Evaluation; October, 1979. Report examines market for new market rate and/or mixed-income housing at Columbia Point.

Boston Redevelopment Authority, Columbia Point: Urban Partnership Special Innovative Grants Program; October, 1980. Application to HUD Special Innovative Grants Program for \$250,000 for design and engineering studies needed to prepare public and private development program.

Boston Redevelopment Authority, City of Boston and Others, The Columbia Point Peninsula: A Program for Revitalization, January, 1974. Brief report discusses development potential of vacant and underutilized land on Columbia Point, prepared by broadly based task force.

Boston Redevelopment Authority/1975 World Freedom Fair, Inc., Freedom 75: 1975 World Exposition, June, 1967. A statement of alternative policies for development of Columbia Point and Harbor Islands for world exposition.

U.S. Bicentennial World Exposition Corporation, United States Bicentennial World Exposition Boston 1976; Expo plan utilizing Columbia Point and Thompsons Island.

G. DORCHESTER

Boston Landmarks Commission/BRA, Clam Point Dorchester/A Development History, April, 1981. Brief report discusses development and architectural history of Clam Point.

Boston Redevelopment Authority, Dorchester Bay Study, April, 1973. Report focuses on existing and emerging problems and proposes policies to improve the overall quality of the area.

Boston University, Port Norfolk, An Island in the City, Neighborhood Conservation Plan, 1980.

Honey, Michael & Givot, Winifred, Harbor Islands New Community Study: Progress Report and Interim Summary II, October, 1969. Examines feasibility of a New Community Development in Dorchester Bay. Explores options available to the City and suggests optimum use of site resources in alleviating major problems such as housing, employment, recreation, and fiscal problems.

Norwood Engineering, Engineering Study of the Troy Landfill Site, Dorchester, Massachusetts, 1980.

Sasaki Associates, Dorchester Waterfront Study, 1981.

Student Project, Port Norfolk: A Revitalization/Preservation Strategy, No author/no date.

Section III

BOSTON HARBOR - GENERAL

BOSTON HARBOR - GENERAL

ABT Associates, Inc., Prospects for a Foreign Trade Zone in Boston Harbor; January, 1970. Evaluates the feasibility of establishing a foreign trade zone in Boston area. Concludes that a foreign trade zone is "probably economically feasible".

Boston Educational Marine Exchange, Boston Downtown Waterfront Project: Final Report; 1981. Identifies opportunities still remaining where Boston can reopen its shores to water-related activities for the public and refocus its vision on its relation to the sea. Makes specific proposals for action.

Boston Harbor Associates, Boston Harbor...Who Cares: A Summary Report on the Community Conference, June 5, 1975. Topics discussed include: Waterfront Land Use-Redevelopment and Naval Base Reuse, Pollution, the Port-Today and Tomorrow, the Islands and Shore - Potential for Recreation, and Harbor Management.

Boston Redevelopment Authority, Boston Open Space and Recreation Plan, 1980 - 1985; December, 1979. Plan contains information about open space resources in the city (both natural and developed), analyzes their adequacy, and defines priorities for addressing the most serious shortcomings.

Boston Redevelopment Authority, The Boston Plan - Center of Industrial Potential: The Harbor. A Plan for the Boston Harbor which attempts to capitalize on the potential of the area for both port industrial and commercial/housing type activities. Study area includes Downtown Waterfront, South Boston, Charlestown, East Boston.

Boston Redevelopment Authority, Boston Urban Wilds - A Natural Area Conservation Program. Sets forth a program of policies and actions to be pursued by City of Boston which will preserve the Urban Wild sites.

Economic Development and Industrial Corporation, Boston Site Finder; 1983. Presents 95 property profiles of sites from all over the City which describe parcels of open land or buildings for sale, as well as multi-tenant buildings. Includes Economic Development and Industrial Corporation's waterfront development - The Boston Army Base.

Executive Office of Environmental Affairs, Boston Harbor - A Draft Section of the Massachusetts Coastal Zone Management Plan for Public Review, April, 1977.

Executive Office of Environmental Affairs, Massachusetts Coastal Zone Management Preview - A Preliminary Program for Public Review. Plan presents objectives, background, and proposed policies on areas of energy and energy facility siting, ports and harbors, the marine environment, the visual environment, coastal hazards like erosion and flooding, and recreation.

E.G. Frankel, Inc. and CE Maguire, Inc., Containerport Study, December, 1974. Study makes recommendations on the need for expanded containerized shipping facilities and their possible location.

Harvard University, The Port of Boston: Future Demand for Cargo - Handling Facilities and Its Implications, Department of City and Regional Planning, Cambridge, February, 1977. Study predicts future demand for shipping through the Port of Boston up to the year 1990 and identifies the environmental, economic, and financial implications of port development.

Massachusetts Institute of Technology, Boston Harbor Management Project: First Year Interim Report, Ocean Engineering, June, 1980. Presents analysis of the methods of Boston Harbor Management Program has followed data accumulated and conclusions. Includes examination of problems of harbor activities, land use survey and atlas of Harbor, transportation aspects, public access, water quality management and marine development.

Massachusetts Institute of Technology, Marina Development in Boston Harbor, Resteghini, 1980.

Massachusetts Port Authority, Boston. Presents information on port facilities including: John E. Moran Container Terminal, Castle Island Terminal, Massport Marine Terminal, and other Massport activities in the Port.

Metropolitan Area Planning Council, Boston Harbor Islands Comprehensive Plan Summary, October, 1972. Presents information on history and present conditions, plan policies, transportation system and proposed improvements.

Metropolitan Area Planning Council, Open Space and Recreation Program for Metropolitan Boston, Vol. 3 The Mystic, Charles, and Neponset Rivers, Metropolitan District Commission, Department of Natural Resources. Program for rehabilitation of Mystic, Charles, and Neponset Rivers which aims to create water-oriented recreation, conserve valuable fresh resources, and create continuous "green corridors" of open space and recreational areas in densely developed communities.

New England River Basins Commission, Harbor Management Strategies for New England, September, 1981. Examines institutional solutions to New England's harbor management problems.

New England River Basins Commission, Prospects and Strategies for New England Parks, September, 1981. Examines existing and potential cargo flows through common-user marine terminals in New England.

- Office of Coastal Zone Management, Massachusetts Coastal Zone Management Program and Final Environmental Impact Statement, U.S. Department of Commerce, National Oceanic and Atmospheric Administration, 1978. Examines future uses and activities along the coastline, incorporating comments from government agencies officials, and citizens. Program seeks wise allocation of coastal resources, encourages economic development, and port/harbor revitalization.
- The Parks and Harbors Program, Parks and Harbors Technical Report (Volume 3). The New England River Basins Commission, September, 1981. Presents information on: regional economic, trade, and port cargo trends/potentials; port facilities; port institutions; regional trends in harbor development; and existing U.S. institutional approaches to coordinated harbor management.
- Partners for Livable Places, Reviving the Urban Waterfront, the Office of Coastal Zone Management, and the National Endowment for the Arts. Compendium of Federal resources for urban waterfronts.
- Raumeloides, Boating in Boston, 1979.
- U.S. Army Corps. of Engineers, Debris Removal in Boston Harbor, Final Environmental Impact Statement, December, 1979, Revised May, 1980.
- U.S. Army, Corps. of Engineers, The Port of Boston, Massachusetts, Port Series No. 3, 1979. Examines port and harbor conditions (improvements, anchorages, bridges, tunnels, weather) and facilities (piers, wharves, docks warehouses, rail lines, etc.). Includes illustrations and tables.
- U.S. Department of Commerce, Improving Your Waterfront: A Practical Guide, National Oceanic and Atmospheric Administration, 1980. Provides information useful for waterfront improvements including information on: waterfronts today, management structures, zoning and districting, land acquisition, incentives to private developers, federal financial assistance.
- U.S. Department of the Interior, Boston Urban Study, Preliminary Draft, Bureau of Outdoor Recreation, Northeast Regional Office. Findings, options, and alternatives related to improving urban recreation opportunities in Boston. Presents case studies on a number of sub-areas including Boston Metro area Waterfront/Coastline and Boston Harbor Islands.
- Sasaki Associates, Boston Harbor: Challenges and Opportunities for the 1980's, (under contract to Boston Redevelopment Authority). Identifies outstanding issues and problems related to the harbor and suggests opportunities for use of under-utilized land by neighborhood.
